Hollywood gossip, hot off the presses

2015  
**EMMY**  
SPECIAL

## Statuesque

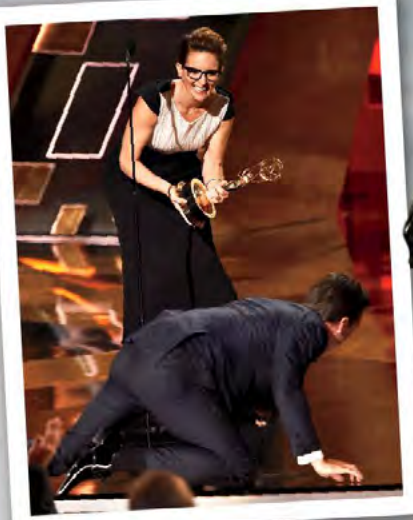

Los Angeles, Sept. 20

The always stunning Sofia Vergara won the red carpet in this tight St. John gold dress. The *Modern Family* star also spilled about her upcoming November wedding to Joe Manganiello, saying that she already has a beaded dress picked out.

## Historic!

Stunning *How to Get Away with Murder* star Viola Davis made history by becoming the first African American woman to win the Emmy for best actress in a drama series, bringing the house down with an inspirational speech, saying, "The only thing that separates women of color from anyone else is opportunity."

## Hamming it up

Jon Hamm finally won for best actor — on his eighth nomination — and was so humbled, he crawled onstage to accept the award from Tina Fey! The newly single *Mad Men* star clearly enjoyed his winning night, later partying at the Governors Ball and the AMC party, where he was hugging and getting cozy on a couch with his sexy former costar January Jones.

## Selfie Shtick

After Julia Louis-Dreyfus took home her seventh Emmy, for best actress, she accepted on behalf of *Veep* for best comedy series from legend Mel Brooks. Later, at the HBO party, costar (and supporting actor winner) Tony Hale begged her to do her famous bad dance from *Seinfeld*, and she dutifully obliged!

## PEEPED AT THE PARTIES!

★ An "obnoxious" Amy Poehler muscled her way to The Winners' Circle Bar at the Governors Ball, despite losing.

★ Amy Schumer approached Jon Hamm at the Governors Ball and offered him a glass of champagne. Jon declined, saying he's been sober for months. Amy apologized, then downed both glasses and joked that she may be going to rehab next!

★ Maggie Gyllenhaal was by her lonesome all night. She walked the red carpet by herself, and then drank by herself and talked to randoms all night.

★ At an after party, Naomi Watts told partner Liev Schreiber to sit at the wrong table while she caught up with Jessica Lange. An embarrassed Liev then stormed off to the bar.

★ *Friends* reunion! Matt LeBlanc asked Lisa Kudrow to dance during Andrea Bocelli's "Con te Partirò" at the Governors Ball

HSN

**M**OST women know "shop till you drop" is just an expression, but **Jessica Simpson** literally sounded totally worn out during her Sept. 17 appearance on the Home Shopping Network. While promoting her fashion line on *The List*, Jessica was barely able to speak coherently about the clothes, at one point rambling: "**Ashlee** is like the best at wearing gray...my sister...like...there's something about a gray...that's like...sexy." She also continually wandered off the set, prompting her mother, **Tina Simpson** — who was in the studio — to join her on the air and keep her in range of the camera.

"This is so worrisome for her loved ones," a source close to Jessica says. "Jess has been photographed stumbling out of clubs and restaurants a number of times over the years. Her husband **Eric [Johnson]** as well as her mom try to discuss it — but Jessica refuses to admit she has a problem."

Horried viewers immediately took to social media, trashing Jessica for what they deemed a "drunk" and "wasted" display. Sadly, Jessica's latest on-air antics are reminiscent of the garbled, giggly interview she did with *Extra* in March, during a *Teen Vogue* Fashion University event.

"The Jessica that the public is seeing during these appearances is the Jessica her family and closest friends see every day," the source adds. "It's very scary for them. But the more they try to talk about her issues, the more she resents them, and it turns into a big argument. At this point, they're hoping the embarrassing buzz around her when she slurs and acts bizarre in public will finally push her to realize she needs help."★

# SELENA & ZAC'S STRIP-CLUB SHENANIGANS

Selena Gomez and Zac Efron may play wild college students in their latest flick, *Neighbors 2: Sorority Rising*, but it seems their off-screen antics aren't much different from what you'll see onscreen. The young stars — both of whom, incidentally, completed stints in rehab within the past two years — were spotted partying at Atlanta's underground strip club The Cheetah Lounge on Sept. 3. "They were having a blast and throwing dollar bills at the strippers," an eyewitness tells *Star*, noting that the duo downed several glasses of Red Bull mixed with vodka. "Zac asked one of the strippers to give Selena a lap dance, and she was all for it. She nearly spit out her drink from laughing so hard." While the two clearly enjoyed the show, the raucous night could be cause for concern in light of their troubled pasts — and Zac's girlfriend, Sami Miró. "Zac was so touchy and playful with Selena all night. He tousled her hair and playfully poked her in the stomach," dishes the source. "They looked like a giddy new couple." ★

**JOY BEHAR**

The TV host received backlash for making fun of a nurse.

## FALLING STARS

**THE UNFRIENDLY SKIES**

# HEIDI'S JUST PLANE RUDE

No one likes to sit near unruly children on a flight — particularly **Heidi Klum**. Sources say the *America's Got Talent* judge refused to wrangle her four kids when they recently started misbehaving and wouldn't stay in their seats before takeoff. Despite numerous requests by flight attendants to settle her children (who were seated on the lower level of the Boeing 747), the star reportedly continued to sip champagne in the upper-level cabin and told her nannies to "take care of it." When that failed, Heidi demanded to be let off the plane, resulting in an even longer delay for passengers since her luggage needed to be unloaded. ★

# ASHTON LOSES HIS COOL

It seems like the stress of Hollywood is getting to **Ashton Kutcher**. The celeb has reportedly rubbed so many directors, producers and actors the wrong way that no one wants to work with him! "Ashton can be a real jerk and flies off the handle supereasily," reveals an insider. In fact, the former *Two and a Half Men* star reportedly "flipped out" during a recent audition because of his scene partner's performance. Sounds like someone needs a time-out. ★

**JARED'S

**Jared Leto** has always been known for his eccentric ways — and his most recent behavior is no exception. Days before the *Suicide Squad* star debuted his bold 'do at the MTV VMAs (it's for his role as the Joker in the next *Batman* installment), a source spotted the actor at a Los Angeles hair salon, scrolling through naked photos of men and women on his cell phone. "They were really sexually explicit," claims the source. "Some were naked bathroom selfies, and others were people lying on couches and beds. It was gross." Whatever happened to common decency? ★

**TARA'S  
SLOPPY  
STATE  
PRIDE**

Just when you think **Tara Reid** has disappeared, she flares up like a rash. On Sept. 7, the *Sharknado* star stopped by comedy night at a West Hollywood sports bar and shocked patrons with her outlandish behavior. "Tara was absolutely wasted when she arrived," reveals an eyewitness, noting that things took a turn for the worse when the comic began mocking Tara's home state of New Jersey. "She completely lost it," exclaims the source. "She went on and on, defending New Jersey, and when he started making fun of her, she shouted: 'I'll shoot you.'" ★

**JERSEY

**HALLE'S  
NAKED AMBITION**

Everyone wants to look good naked, especially **Halle Berry**. The 49-year-old actress has been working out and eating healthy in order to get her body in tip-top shape before she bares all in her next movie. "She's planning to go nude in her next film as a way to create buzz about her career," explains an insider. In 2001, Halle won an Academy Award for her starring role in *Monster's Ball*, in which she appeared completely nude — and earned a \$500,000 bonus for going topless in *Swordfish*. "She feels sexier than ever," says the insider. "She can't wait to put it all out there." ★

“Show me a man who wouldn’t give it all up for Emma Stone, and I’ll show you a liar,” Ryan has said. “She’s everything. There’s no one like her.”

*Ryan & Emma’s*

# CRAZY, STUPID LOVE?

Wary of Ryan’s relationship with Emma, Eva may be ready to call it quits.

**THREE’S  
A CROWD!**

**R**YAN GOSLING and Eva Mendes famously fell in love on the set of the 2011 drama *The Place Beyond the Pines* — which was not new for the actor, who has a history of romancing his leading ladies, including **Sandra Bullock** and **Rachel McAdams**. And that fact brings out the jealous streak in Eva, 41, whenever Ryan signs on to a project. So when it was announced in April that Ryan would be reuniting with his “work wife,” **Emma Stone**, for the third time in the musical romance *La La Land*, Eva began to fear the worst.

Pairing the sexy stars up is a well-established formula for box-office success. Moviegoers seem to love watching Ryan,

34, and Emma, 26, fall in love: first in *Crazy, Stupid, Love.* and again in *Gangster Squad*. (Fans even petitioned for the frequently coupled costars to star as Christian Grey and Anastasia Steele in *Fifty Shades of Grey*.) And photos from the L.A. set of *La La Land* show the two looking right at home in their familiar roles, which raises the question: Is it all acting?

“It doesn’t matter how many times Ryan tells Eva that he and Emma are just friends, she knows there’s an attraction there,” says a source close to the actress. “Eva stops by the set and constantly calls Ryan to see what he’s up to. If she gets his voicemail, she’ll text and text until he gets back to her. Despite Ryan’s best efforts

to soothe her suspicions, Eva remains unconvinced. “The trust just isn’t there, and she thinks it’s time they went their separate ways,” says the pal.

To that end, sources tell *Star* Eva has begun planning an exit strategy. “Her No. 1 priority is their daughter, Esmeralda. Eva wants to know what her options are, should she decide to end her relationship with Ryan,” the insider reveals. “She’s consulted a lawyer about gaining primary custody of their baby girl, since Ryan’s always away working. Eva doesn’t want a custody battle, but she knows Ryan won’t give Esmeralda up without a fight — so she wants to be prepared.” ★

★ **Psst!** Miley Cyrus is reportedly hooking up with comedian Dane Cook.

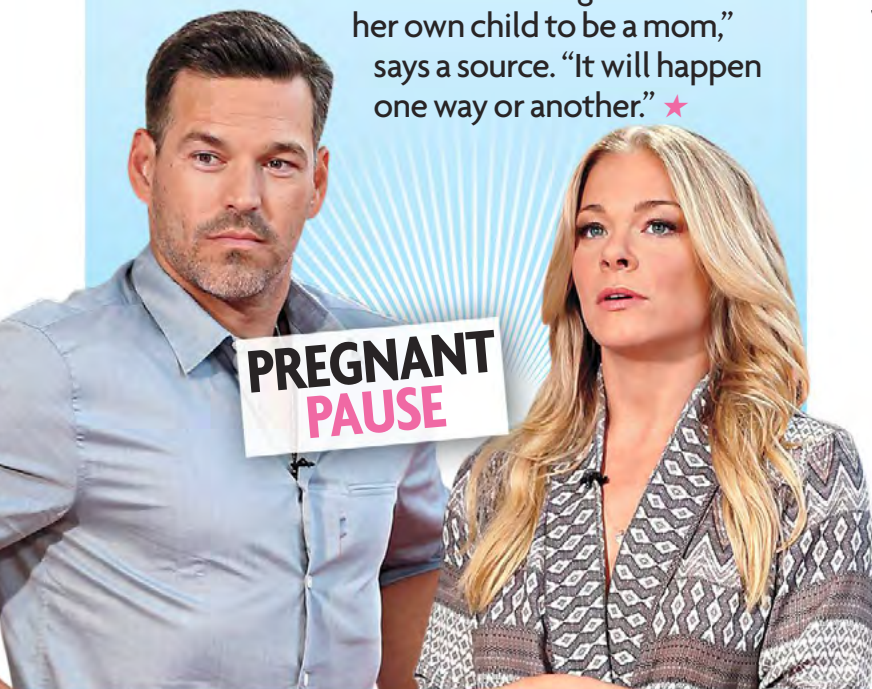

## Britney Moves On With MR. WRONG

**B**RITNEY SPEARS has a thing for bad boys — remember **Kevin Federline**? However, a source tells *Star* that Britney's new beau, **Harry Morton**, 34, has the potential to be the worst of them all. "Harry has a notorious reputation in Hollywood for being a complete cad," says an insider. "He's famous for playing head games. He pretends he's interested in a serious relationship and then dumps women as soon as they become too attached." Just ask **Lindsay Lohan**. The actress intentionally flooded Harry's apartment in 2007 — an incident that resulted in more than \$150,000 worth of damage — after he kicked her to the curb. (**Demi Moore** and **Jennifer Aniston** have also fallen for the restaurant mogul's disarming charm.) That said, Britney, 33, should know better. Her Sept. 11 sushi date with Harry wasn't the first time they'd rubbed elbows. A pal says she hooked up with him 10 years ago when she was a frequent fixture on the party scene. "Britney doesn't handle heartbreak well. She's very fragile," says the source. "We've all tried to warn her this guy is bad news, but she won't listen." ★

## LeAnn & Eddie DESPERATE FOR A BABY

Starting a family has been a struggle for **LeAnn Rimes** and **Eddie Cibrian**. They've tried everything from IVF and acupuncture to seeking help from celeb naturopath **Kimberly Balas**, who reportedly helped **Gwen Stefani** and **Jewel** get pregnant. And while they haven't given up hope, LeAnn, 33, and Eddie, 42, have agreed that if they don't conceive by Christmas, they'll start searching for a surrogate. "Being a stepmother to Eddie's boys [Mason, 12, and Jake, 8] made LeAnn realize she doesn't have to give birth to her own child to be a mom," says a source. "It will happen one way or another." ★

## REBOUNDED WITH ROB?

After **Sienna Miller** and **Tom Sturridge** called off their engagement in July, the heartbroken actress flew to Ireland to begin filming *The Lost City of Z* with her former fiancé's best friend, **Robert Pattinson**. "Rob has been a delightful distraction for Sienna," says a source close to the actress, 33. "They're spending a lot of time hanging out in each other's trailers and often meet up for late-night pub runs. Rob has even jumped in to help out with her daughter, Marlowe. They're both treading carefully, but the cast and crew are picking up on the mutual attraction." As for Rob's own engagement to singer **FKA twigs**, it's off to a rocky start with wedding planning on an indefinite hold. "They've been on and off for months," says a pal of the *Twilight* star, 29. "They fight. Rob threatens to break up with her and twigs dares him to. But now, with Sienna in the picture, no one would be surprised if he made good on his threat." ★

★ *What A Shame!* **Michael Fassbender** and **Alicia Vikander** have split.

## Paris READY TO WED

IT'S been only four months, but **Paris Hilton** is telling pals that she's finally found Mr. Right in her Swiss businessman boyfriend **Thomas Gross**. "Ever since her sister, **Nicky**, got married [to banking heir **James Rothschild**], people have been asking Paris when she's going to get engaged," says an insider. Indeed, Paris herself began dropping not-so-subtle hints to her 39-year-old beau — who's worth an estimated \$200 million — that a giant diamond ring would look "so hot" on her ring finger. "Paris wants to walk down the aisle sometime next year," explains the source. "She's turning 35, and she's ready to settle down. She's even talked about being a mom. Nicky is planning to have kids soon, and Paris loves the idea of them being pregnant at the same time." Plans for Paris' fairytale ending seem all but certain, except for one small hitch: taking Thomas' surname. "No way does she want to be called Paris Gross," laughs the source. ★

## Christy & Ed BURNT OUT

Directing, producing and starring on a hit TV series is an actor's dream come true, but at what cost? According to insiders, **Ed Burns'** new TNT project, *Public Morals*, has taken a serious toll on his 12-year marriage to **Christy Turlington**. "It's been difficult, because he's gone all day and comes home late at night," says a source close to the couple, who share daughter Grace, 11, and son Finn, 9. "On the rare occasion that Ed is around, he's not spending time with Christy or the kids. He's too preoccupied reading scripts." Pals say the supermodel, 46, is trying to be supportive of her husband, 47, but it's been a nightmare. "Christy hopes they'll be able to work things out," the insider explains, "because it's starting to feel like they're leading separate lives." ★

A SMOOTH  
CRIMINAL!

## Jaden Smith's BAD NEWS GIRLFRIEND

Perhaps New York Fashion Week wasn't the best place for **Jaden Smith** to debut his new girlfriend, **Sarah Snyder**. According to the Bedford, N.Y., Police Department, Sarah was accused of stealing a \$16,000 Hermès Birkin handbag from a high-end boutique in February, and after a four-month investigation, the 19-year-old was taken into custody and charged with felony grand larceny. (The case is ongoing.) "Jaden doesn't care about Sarah's criminal record, but **Will** and **Jada** are concerned," says a source. "As parents, they give him a lot of leeway when it comes to his personal life, but they don't want to see him go down the wrong path because of some girl." Yet pals say the 17-year-old actor doesn't see Sarah's rap sheet as a red flag. "According to Jaden, he knows Sarah's soul...and what they have is real." That's what they all say! ★

# Meg Ryan **SHE'S LOST IT ALL!**

## **John Moves On**

Christie and John made their debut as a couple on Sept. 14 in NYC — much to Meg's surprise. "She can't believe this is happening," a source says. "Meg and John were talking about marriage, and now she's all alone."

**“She can’t keep up this lifestyle. It’s a hard fall.”**

**— a friend tells *Star***

## Down And Out

The former superstar cut a sad figure in New York City on Sept. 8. “Things are terrible for Meg,” says an insider. “She’s desperate, and clearly hoping she can regain her old fame.”

In her 1980s–90s heyday, **Meg Ryan** was one of the most successful and beloved actresses in the world. Romantic-comedy hits like *Sleepless in Seattle* and *When Harry Met Sally* launched the perky blonde to the top of Hollywood’s A-list, and earned her the mantle of America’s Sweetheart.

But in a dramatic reversal of fortune, Meg’s current situation appears dismal. Her career has been sinking for more than a decade, and insiders say she’s burned through most of the money that she earned in her glory days. “Meg hasn’t been sensible with her finances over the years,” explains a source close to the actress. “And now she’s gotten to the point where she’s reaching dire straits.”

To make matters worse, her longtime, on-off love and rumored fiancé, rocker

**John Mellencamp**, recently stepped out with a gorgeous new lady friend — supermodel **Christie Brinkley** — leaving 53-year-old Meg heartbroken and alone, with nowhere to turn for support. *Star* goes inside the agonizing downfall of the erstwhile rom-com queen.

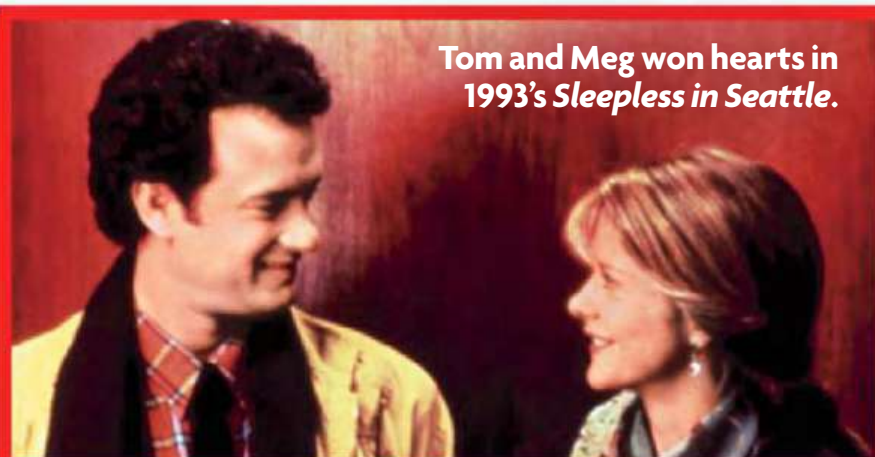

## THEIR DOOMED LOVE STORY

Despite her career slump, Meg found happiness with John back in 2010 — and they managed to keep their relationship chugging along for almost four years, even though his busy touring schedule and their desire to live in different states often kept them apart. Their differences eventually proved too difficult for the couple, though, and in August 2014, Meg and John split.

John, however, seemed to remain madly in love with the actress. “I’m very happy with the time I’ve spent with Meg Ryan. She’s a beautiful girl, and I know that I will never, ever, ever be with a funnier girl than her,” he said during their separation. “She’s an angel sent to me,” he added in another interview. “And, you know, nothing’s over till it’s over.”

His romantic persistence paid off. The couple reconciled not long after their breakup, and sources said they even talked about getting married.

By spring 2015, though, the pair seemed to be drifting apart, and they reportedly split again in June. Meg, however, believed their relationship had just hit another rough patch, according to insiders — until she saw the photos of John, 63, and Christie, 61, out on a date Sept. 14. “Meg was shocked when she found out John was dating Christie Brinkley. She broke down and cried, ‘I’m so humiliated! We were talking marriage,’” a source reveals. “The thing is, John never officially broke up with Meg. They hadn’t talked for a while, but she just thought they were on a break and would work it out. She had no idea he was moving on!”

Tom and Meg won hearts in 1993’s *Sleepless in Seattle*.

## CAN TOM SAVE HER?

All of Meg’s hopes are hinging on her next movie, *Ithaca*, which she’s both starring in and directing. It’s a low-budget project that Meg is so desperate to drum up excitement for, she’s convinced her old *Sleepless in Seattle* and *You’ve Got Mail* costar, **Tom Hanks** — who’s also the film’s executive producer — to do a cameo in it. “Sources close to the production believe that Meg begged Tom to make that appearance so marketing could make a big deal about them acting together again,” says a showbiz insider. But it’s unclear if Tom’s involvement will be enough to get Meg on the comeback track. “The idea that she can use Tom to kick-start her career again is laughable,” another source says. “That ship sailed a long time ago!”

The fact that John took Christie out just a few blocks from Meg’s New York City apartment — after she’d spent years trying to convince him to relocate for her — was particularly painful for the actress. “That was a slap in the face. She loves him so much, and it’s really hurting her to know he would treat her like this,” the insider adds. “Meg is furious and heartbroken.”

## WORK WOES

To make matters much worse, Meg’s career is at an all-time low. She’s made only ▶

**Dennis and Meg were married for almost 10 years when she cheated.**

## The Point Of No Return

**Meg's 2000 affair with Russell Crowe ended her marriage and hurt her career. "She didn't realize the consequences would be so dire," a friend says.**

**"Russell saw Meg as just a casual fling," a source reveals.**

seven movies in the past decade — just one since 2009 — and all of them have underperformed. Several were outright flops, and two went straight to DVD. The last major film she starred in was the 2000 thriller *Proof of Life*, opposite **Russell Crowe**, with whom she had a fling that ultimately destroyed her marriage to **Dennis Quaid**. "Meg thought she and Russell would have a real relationship, which is why she was willing to jeopardize her life with Dennis for him. But she was sadly mistaken," the insider explains. "He had no intention of pursuing anything serious with her."

That scandalous affair didn't just derail her marriage — it also caused the moviegoing public to see Meg in a new, negative light. After all, a woman who cheats on her husband with an Australian "bad boy" can't be America's Sweetheart anymore. "Everything went downhill for Meg

after the affair with Russell — especially after he dumped her. She was crushed," the insider says. "It damaged her public persona irreparably, and her career has not been the same since. It truly was the beginning of the end for Meg."

Faced with few good job offers and

## Family Ties

**Her children, Jack and Daisy, have been Meg's only source of comfort during this trying time.**

## HER MOM WON'T EVEN HELP!

Don't count on Meg's mother to offer moral support during her crisis. Susan Ryan Jordan has been estranged from her daughter for 25 years, after she expressed disapproval over Meg's engagement to Dennis, who had substance-abuse issues in the late '80s. Their relationship has been so frosty, in fact, that Susan has never even met her own grandchildren! But after years of trying to reconcile with her daughter and being rebuffed, Susan eventually gave up. When *Star* contacted her last year, asking about Meg, Susan shockingly replied: "I made a promise to myself that I would never say her name again." A family source adds: "Meg treated her mother like dirt. And now she has to face the fact that she's not going to get her family back."

about to turn 40 — an age that often spells career death for actresses in Hollywood — Meg soon turned to plastic surgery to try and make herself appear more youthful. But it changed her looks so drastically, her fans could hardly recognize her...and her star power diminished. She began working less and less.

## MONEY MATTERS

With her roles drying up, Meg's financial situation has hit the skids too. Once worth an estimated \$45 million, the actress has poured her money into numerous megamansions, frequent high-end vacations and maintaining her lavish lifestyle. She's also raising her 10-year-old daughter, Daisy, whom she adopted from China in 2006, by herself.

Her biggest asset, at this point, is her 4,000-square-foot loft in New York City's upscale SoHo neighborhood, which she intended to share with John. "Meg just can't afford to live in that huge place anymore, since she's making almost no money," the insider says. "She is seriously thinking of selling it and moving into a cheap hotel until she can find a more affordable permanent home. She doesn't want to move, but she knows she can't keep up this lifestyle. It's embarrassing, but she has to think of her future."

Indeed, Daisy is Meg's primary concern these days; sources say much of the actress' budget goes toward her daughter's education and other needs. She also takes great pains to spend time with her grown son from her marriage to Dennis, Jack, 23, a budding actor. Insiders say he's been her sole shoulder to cry on lately. "Meg is completely focused on her kids right now because she feels like they are the only things she has left to live for," the source says. "It's a hard fall for someone who used to have it all." ★

**A New Body  
For A New Man**

Kourtney's hot new bod is no accident. "She's getting ready for the dating scene," says a pal.

**Mama  
Matchmaker**

"Kris wants to portray Kourtney as a hot, single mother on the prowl," says a show insider.

*Kris & Kourtney's*  
**CASTING**

**K**OURTNEY KARDASHIAN and Scott Disick's turbulent relationship definitely sparked drama (and spiked ratings) during 10 seasons of *Keeping Up with the Kardashians*. But now that the longtime couple have called it quits, momager **Kris Jenner** is determined to continue cashing in on the breakup — by playing matchmaker.

“She’s literally auditioning men right now,” a family insider tells *Star*. “On the show, it will look like Kourtney is online dating and going on blind dates in hope of meeting Mr. Right; but in reality, Kris is handpicking guys who will bring spark, excitement and drama to the show.”

Her main requirement: They have to be hot. “It’s really the most important asset they’re looking for,” adds the insider.

#### BACK TO REALITY

While there’s no shortage of attractive men in Los Angeles, word is that the 59-year-old matriarch is partial to fellow reality stars. “They know the

way these shows work and that really helps,” says another source, noting that two-time *Bachelorette* runner-up **Nick Viall** is a top pick. “He had hoped to become the next Bachelor, but now that those dreams have been dashed, he’s game to vie for Kourtney’s affection.”

Although Kris realizes that the 34-year-old Milwaukee native — who shamelessly dished about his fantasy-suite sex with *Bachelorette* **Andi Dorfman** on live television — isn’t much better than Scott when it comes to marriage material, she’s convinced he’d draw in viewers.

## STAGED ROMANCE

This isn’t the first time the family has concocted an on-screen lover. In 2011, Kim jumped into bed with former bodyguard **Shengo Deane** during an episode of *Kourtney and Kim Take New York* for the sake of a story line.

But in case there’s no spark between Kourtney and the reality TV bad boy, Kris has also reportedly reached out to former Bachelor **Chris Soules**, who captured the hearts of America with his low-key Iowa lifestyle. “She’s worried he might be a bit dull, though,” explains the insider. “Kourtney may want a down-to-earth guy this time around, but boring just isn’t going to cut it.”

#### DANCERS & DUNKERS

In their quest to cast a love interest with mass sex appeal and a built-in fan following to boot, the duo have also been gunning for *Dancing with the Stars* pro **Val Chmerkovskiy**. “He’s someone Kourtney could definitely get excited about,” dishes the source. “He could charm the pants off an audience too.”

Another option — a good old-fashioned setup! Although dating pro basketball players doesn’t always have the best outcome for the Kardashian sisters, the insider claims Kris asked **Khloé** to pull some strings with her new boyfriend, Houston Rockets player **James Harden**. “If he has any single teammates, she wants them thrown their way!” says the source.

While Kourtney’s new on-screen beau is yet to be decided, one thing is for certain: She will look great on camera. Since giving birth to her third child in December, the eldest Kardashian has stepped up her fitness routine and has been turning heads all summer long in itsy-bitsy bikinis. “She’s going to be the focus of the show for a while,” says the insider. “So she’s making damn sure she looks amazing.” ★

THE REALITY STAR IS READY TO START DATING FOR RATINGS, BUT HOPEFULS WILL HAVE TO GET BY MOM FIRST.

SEPT. 12

### Together Apart

While supporting their 8-year-old son, Henry, at his Malibu soccer game, Danny and Julia looked like they wanted nothing to do with each other.

SEPT. 11

### Moving Out...And On?

A moving van looms over the secluded entrance to the Malibu compound Julia shares with Danny. "They're wondering if living separately can heal their marriage," says a source.

*Julia & Danny*

# TRIAL

# SEPARATION

THE TROUBLED MARRIAGE OF JULIA ROBERTS AND DANNY MODER MAY BE ON ITS LAST LEGS — AND HE'S READY TO MOVE OUT.

**J**ULIA ROBERTS and hubby **Danny Moder** were wearing matching shirts and shades (and, seemingly, expressions of utter indifference) as they attended son Henry's soccer game in Malibu on Sept. 12. Just one day before, moving vans were spotted at their nearby mansion — and now *Star* has learned that the couple is resorting to a last-ditch attempt to save their floundering 13-year marriage.

"Word is that he's moving out to see if they'll miss each other, if having space can fix the problems that stem from Julia's controlling ways," claims an insider. "Julia will say it's a decision

they made together, but people think that Danny is finally putting his foot down."

### A PLACE OF HIS OWN?

*Star* first reported last October that the couple were headed for a split. Now Julia, 47, and Danny, 46, have agreed to take some time apart, the source claims. "He won't be checking into some cramped apartment," says the insider, noting that primary caregiver Danny needs ample room for the children, Henry and 10-year-old twins Hazel and Phinnaeus.

Moving out may seem drastic, but the duo's undoing has been a long time coming. Julia and Danny have reportedly been in couples counseling

for 18 months, during which time she also dealt with the suicide of her half sister, Nancy Motes, and the death of her mother, Betty Lou Bredemus. In fact, on the day Betty Lou succumbed to lung cancer last February, Danny was out surfing — an omen of the marriage's strain. In June, the pair vacationed in Mexico to hash out their issues, yet upon their return, the petty bickering resumed, says the insider; it even extended to Danny's work as a cinematographer.

"They've tried to work it out, but it's come down to this," the insider adds. "It's not Julia's nature to fail, so she's open to the idea of a separation if it could save their marriage." ★

**LINDSAY LOHAN, 29**

The day after a night out, probably, the hard-partying star looks pale and puffy without any paint.

**PORTIA DE ROSSI, 42**

With a face only **Ellen** could love, Portia is as white as a ghost. Bring on the blush!

**WHITNEY CUMMINGS, 33**

The comedian's gaunt and haggard look is nothing to laugh at!

**UMA THURMAN, 45**

The *Kill Bill* beauty needs more than a little lipstick to revive her charms.

**AMANDA SEYFRIED, 29**

Mamma mia! Her features are still striking, but Amanda without makeup looks down and out.

**KENDRA WILKINSON, 30**

When she's not done up like a Playmate, Kendra really does look like the girl next door.

**LORDE, 19**

She could be royal, if only she had some cover-up! But the acne-prone pop star is still just a teen.

Looking a bit older than her years her years, the usually sexy Latina may be suffering some sleepless nights with daughter Esmeralda, 1.

**A**S the star of recent hit comedies (*Horrible Bosses*) and dramas (*The Gift*), **Jason Bateman** is one of the hottest actors in Hollywood — with a gorgeous wife and two adorable kids, to boot. But his picture-perfect life was almost destroyed when he was still a teenager, due to rampant cocaine and alcohol abuse.

Although the former child star, 46, has openly admitted to getting swept up in a whirlwind of drugs and alcohol throughout his 20s, *Star* can exclusively report that Jason's partying began nearly a decade before — when he was just in high school. "I sat next to Jason when he snorted cocaine off his hand during math class," claims a former classmate.

"He did it everywhere — halls, bathrooms, classrooms, you name it."

While Jason may not have tried to

conceal his substance abuse from his peers at Bel Air Prep (now Pacific Hills School) in West Hollywood, the former child star was somehow able to shield his reckless behavior from entertainment industry bigwigs, who continued to cast him in leading roles, including his hit '80s TV series *Valerie*. But Jason's cocaine problem took its toll on his education. "He never completed enough credits and dropped out of high school," says the source. "It no doubt it had to do with his drug use."

#### THE BREAKING POINT

But unlike most high school dropouts, Jason had a hefty bank account to fall back on, thanks to notable roles on *Silver Spoons* and *Little House on the Prairie*. "It was like *Risky Business* for 10 years," he said of his life in the '90s. "My parents were out of town, they left me a bunch of money, the car and the house. I wanted to play hard. And I did that really well."

But as Jason spiraled out of control, he stopped booking acting gigs and depleted his savings. "You know you're just about broke when your business manager turns you loose," he admitted. Despite his crazy lifestyle, in 2001 Jason married his "best friend," **Amanda Anka**.

At first his partying continued, causing havoc in their marriage. But one rainy Christmas morning, Jason finally chose to confront his demons and attend an Alcoholics Anonymous meeting. His reasoning: "Do you want to continue to be great at being in your 20s, or do you want to step up and graduate into adulthood?" He's been sober ever since. ★

*Jason Bateman's*

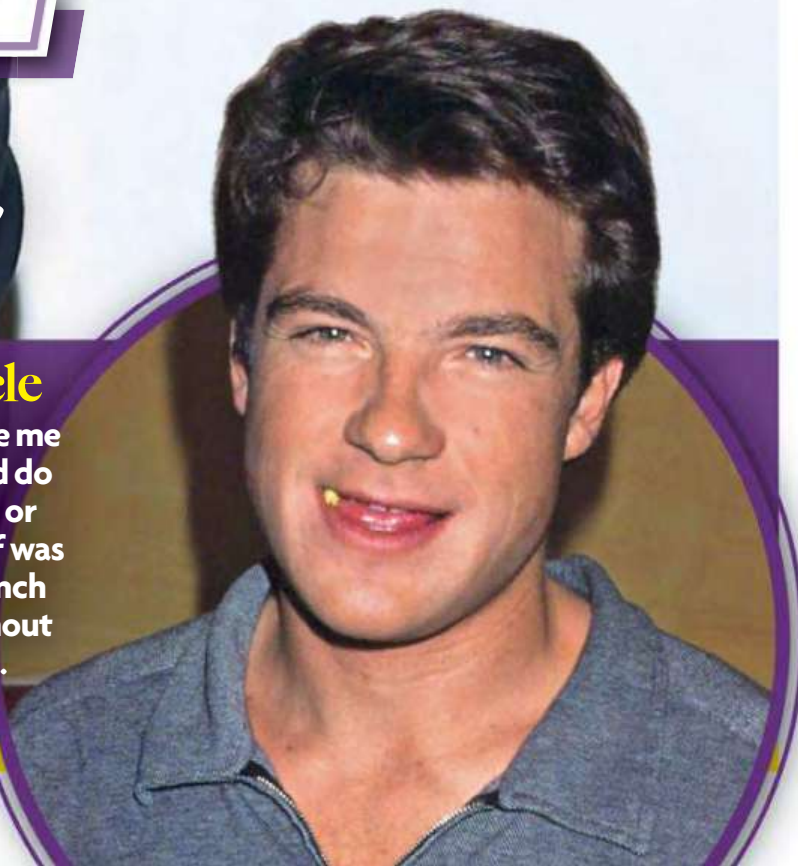

# HIGH SCHOOL DAZE

THE ACTOR'S HARD-PARTYING PAST WAS EVEN WORSE THAN HE'S ADMITTED, AND IT ALMOST COST HIM EVERYTHING.

#### Breaking The Cycle

"Booze was what would make me want to stay out all night and do some blow or smoke a joint or whatever, so shutting that off was key. It's like ketchup and French fries — I don't want one without the other," explains Jason.

# Jessica GETS HER BODY BACK

NEW MOM JESSICA BIEL SLIMMED DOWN IN NO TIME WITH HER HEALTHY APPROACH TO EATING AND EXERCISE.

**J**ust five months after giving birth to her son, Silas, with husband **Justin Timberlake**, **Jessica Biel** is as fit and trim as ever! The secret, says Jessica, 33, is to find confidence. “When you feel good inside, you project that outward to the world.”

## WELL-BALANCED BIEL

The always active Jessica really missed working out while pregnant, so she was counting the days until she could exercise again after Silas was born. And as soon as she got the all-clear from her doctors, Jessica hit West Hollywood’s Rise Movement for personal training sessions with founder **Jason Walsh**. “Jessica is very committed, and it’s paid off,” says Jason. “She loves the feeling of working up a sweat and seeing solid results.” That entails, according to Jessica, “a couple of classes of yoga during the

week for stretching and elongating, mixed in with weight training for strength.”

Jessica is also dedicated to the protein-heavy, anti-processed-foods Paleo Diet, which, she believes, “leans you down and slims you up and takes that little layer of fat and water weight right off your body.”

That doesn’t mean she denies herself. “I don’t live by the idea that you can’t allow yourself a treat,” she says. Amen, sister! ★

“Eat things you like, but eat them in smaller portions,” says the fabulously fit new mom.

## PART 2

**POSTURE PERFECT** Continuing with last week's theme, working out your core is a big component to good posture. Hunching over your phone or your keyboard can ruin all of your hard work. Train your body to hold itself upright at all times by doing these strengthening exercises.

How it works: Perform each exercise for one minute. Repeat the entire series three more times. You can seamlessly incorporate this routine into your day, since it does not require equipment or much space. If you have time for only one or two rounds, go for it! Even just one time through will make you feel much better when you go back to your desk.

## LEG EXTENSIONS

**Step 1:** Stay on hands and knees. Drop forearms down to the mat and clasp hands under nose. Bring right leg up to hip height. Extend leg to straight and hold for one deep breath with right leg parallel to the floor.

**Step 2:** Deeply bend right knee and kick foot toward the glutes. Hold for one deep breath. Keep leg lifted as you kick the leg to straight again. Throughout the exercise, your right thigh stays parallel to the floor and torso is still. Perform one minute of extensions on each side.

## CAT AND COW

**Step 1:** Come onto hands and knees with hands under shoulders and knees hip-width apart. Spread the fingers wide and form a straight spine. Drop the belly and lift the chest as you gaze toward the sky. Hold for one to two seconds.

**Step 2:** Exhale as you round up the back, tucking your chin and gazing toward your belly button. Hold for one to two deep breaths. Continue to move at a controlled pace for one minute.

"He is a really Zen guy," Anne says of De Niro.

"There are a million people around, and he is just sitting in a chair, having a tuna sandwich, and he's just got it down."

# Anne Hathaway

Is there a hashtag for CEO problems? In the new comedy *The Intern*, **Anne Hathaway** stars as Jules, the creator of a multimillion-dollar fashion startup who is struggling to stay on top. Enter Ben (**Robert De Niro**), a wise 70-year-old widower who just happens to be the company's new intern and Jules' accidental life coach. Anne, 32, spoke about the new film and embracing the unknown.

## What makes this movie stand out?

We haven't had a movie that appeals to people of every age in a long time. Whether you're 20 or 83, you will love it.

## What are some of the themes of the movie?

We have all these tools for communication, but they're not as effective as having a conversation. It's old vs. new school — and how each is made better by the other.

## Have you ever had any interactions with interns?

I was on a photo shoot recently, and an intern greeted me. Because of our movie, I went out of my

way to pay her extra attention. I asked her questions about who she was and why she was doing this. I thought I was doing something so nice. I asked her to use my playlist, but every time she tried to use my iPad on the sound system it created the most horrible screech. I was trying to do a nice thing, but I annoyed everyone!

## Did you immediately hit it off with Robert De Niro?

I could not talk around him for the first three weeks! I just felt like an idiot with everything I said. But we did some extreme bonding at the mall. He's really an easy guy to get along with, incredibly Zen and approachable.

## Was your approach any different for this film?

Up until now, I have made movies from a place of insecurity, neurosis and self-doubt. But I got tired of it and came from a more positive place — to feel good about what I was doing and embrace the unknown. I had a wonderful time, and I think it yielded a more relaxed performance. It turns out you can make a movie without nonstop sleepless nights! ★

The Oscar-winning actress plays a CEO with an assistant twice her age in the new comedy *The Intern*.

"My character, Jules, dreads the idea that anything in her personal life could impact her ability to do her job," says Anne. "And then she meets Ben [De Niro], and she ends up opening up to him and taking his advice because she really respects him."

The blockbuster sequel to the cult musical comedy once again sees a cappella singing college group The Barden Bellas facing adversity — this time, after the always outrageous Fat Amy (**Rebel Wilson**) accidentally flashes the President at the White House. Now mired in shame, the girls, led by **Anna Kendrick** and **Brittany Snow**, try to restore their good name by competing in a global contest against hated German rivals Das Sound Machine. ## → 99 HOMES

**Andrew Garfield** and **Michael Shannon** star in a tense drama about the 2008 housing crisis. Garfield is a Florida construction worker, a single parent who lives with his mom (**Laura Dern**) — until they are evicted from their foreclosed home. Desperate for money, he takes a job with Carver (Shannon), the bank's real estate broker, who threw him out. Before long, he's doing the evictions himself and raking in extra money on the side with Carver's shady schemes, basically trying to save his home by making a deal with the devil. Shannon is usually stuck playing oddball villains, but this guy is a true original: fast-talking, heartless, calculating, always ready with an undermining answer to any accusation. The film tries to make a statement about the disparity of the financial system by putting a face on it. But while Shannon lives and breathes his character as the bad guy, Garfield isn't really sympathetic — and his overacting weighs the whole thing down.

**LONG STORY SHORT:** Worth watching just for Shannon's splendid performance.

## → GRANDFATHERED

Premieres Tuesday, Sept. 29, at 8PM on Fox

This new sitcom puts original spin on an old idea. **John Stamos** plays Jimmy, a lady-loving restaurateur who guards his bachelorhood zealously. That is, until his adult son (**Josh Peck**) walks into the restaurant and introduces himself — and then introduces Stamos to his granddaughter. So now Mr. Swinger is Grandpa — which drastically changes his self-image (and the way other people see him). Jimmy suddenly has his hands full, babysitting for a grandchild and helping Peck get the attention of his eccentric baby mama (**Cristina Milian**).

It's a funny idea but not as clever as it needs to be, falling back on full-diaper jokes and weak physical humor. Still, Stamos has heart and timing, and Peck is a likable schlump as his son. **Paget Brewster** (as Peck's mother) is the wild card, shooting one-line zingers at Stamos like a pro. Give it a couple episodes to see if it grows on you. ★★★★★

# TV

## → BLOOD & OIL

Premieres Sunday, Sept. 27, at 9PM on ABC

A prime-time soap opera set in a rather wild North Dakota? Yep, thanks to the recent oil boom taking place there. It stars **Don Johnson** as Hap Briggs, a rich rancher with huge oil fields on his land. He meets Billy LeFever (**Chace Crawford**), a struggling young wannabe entrepreneur who becomes his unlikely partner. They team up when Hap's son (**Scott Michael Foster**) is disowned for being a spoiled jerk. The female side of the cast includes **Amber Valletta** as Hap's much-younger spouse and **Rebecca Rittenhouse** as Billy's much-smarter one. If the California Gold Rush of the 1840s were transported to 21st-century NoDak, you'd have the kind of anything-goes *Dynasty*/*Dallas* fantasy that this show is built on. It's silly, soapy and, just maybe, habit-forming. ★★★★★

## DOCTOR'S MEMORY BREAKTHROUGH

# New Discovery for People with Failing Memory

World's Leading Brain Expert and Winner of the Prestigious Kennedy Award, Unveils Exciting News For the Scattered, Unfocused and Forgetful

By Steven Wuzubia  
Health Correspondent;

**Clearwater, Florida:** Dr. Meir Shinitzky, Ph.D., is a former visiting professor at Duke University, recipient of the prestigious J.F. Kennedy Prize and author of more than 200 international scientific papers on human body cells. But now he's come up with what the medical world considers his greatest accomplishment — A vital compound, so powerful, it's reported to repair... even regrow damaged brain cells. In layman's terms — Bring back your memory power. And leave you feeling more focused and clear-headed than you have in years!

Dr. Shinitzky explains this phenomenon in simple terms; "Science has shown when your brain nutrient levels drop, you can start to experience memory problems and overall mental fatigue. Your ability to concentrate and stay focused becomes compromised. And gradually, a "mental fog" sets in. It can damage every aspect of your life". Not only do brain cells die but they become dysfunctional as if they begin to fade away as we age. This affects our ability to have mental clarity and focus and impacts our ability to remember things that were easy for us to do in our 20's and 30's.

Scientists think the biggest cause of brain deterioration in older people is the decreased functioning of membranes and molecules that surround the brain cells. These really are the transmitters that connect the tissues or the brain cells to one another that help us with our sharp memory, clear thinking and mental focus, even our powers to reason well. "When we are in our 20's" according to Dr. Shinitzky "our body produces key substances like phosphatidylserine and phosphatidic acid"... unfortunately they are believed to be critical essential nutrients that just fade away with age, much like our memories often do leading to further mental deterioration.

As we get older it becomes more frustrating as there is little comfort when you forget names... misplace your keys...or just feel "a little confused". And even though your foggy memory gets laughed off as just another "senior moment," it's not very funny when it keeps happening to you.

## The Missing Link is Found and Tested

It's hard to pronounce that's for sure, but it certainly appears from the astounding clinical research that this one vital nutrient phosphatidylserine (PS) can really make a huge difference in our mental wellness. 17 different double blind studies with placebo controlled groups have been involved in the clinical research of PS with patients between the ages of 55-80 years of age. Periodically the researchers gave these patients memory and cognitive tests and the results were simply amazing:

- 1) *PS patients outperformed placebo patients in All 5 Tests - 100% Success Rate*
- 2) *After only 45 days there was a measurable improvement in mental function*
- 3) *After 90 days, there was an impressive and amazing improvement in mental function*

The group taking phosphatidylserine, not only enjoyed sharper memory, but listen to this... they were also more upbeat and remarkably more happy. In contrast, the moods of the individuals who took the placebo (starch pill), remained unaffected....no mental or mood improvement at all.

### My Memory Started to Scare Me.

I would forget all kinds of things and something that I just said earlier in the day would have completely slipped my mind. I almost forgot my granddaughter's birthday and that would have been horrible. I had forgotten lots of other little things along the way. I was worried about it.

Over the last several months I've noticed my memory seemed to be getting pretty unreliable and so I thought I'd better do something about it now. So when I read about this amazing PS nutrient and how much it would help me with my memory I wanted to try it.

It's great! I have actual recall now, which is super. After about 6 weeks of taking it on a daily basis is when I began to notice that I wasn't forgetting things anymore.

Thanks to PS for giving me my memory back. It's given me a lot more self-confidence and self-esteem. I would not trust my memory without it.

- Ethel Macagnoney

## Vital Nutrient Reverses "Scatter Brain"

This incredible PS nutrient feeds your brain the vital nutrient it needs to stay healthy... PS now has the attention of some of the world's most prominent brain experts. It has been written up and published in leading science and medical journals and its findings have electrified the International scientific community.

## Earth-Shaking Science

Published, clinical reports show replenishing your body's natural supply of Phosphatidylserine, not only helps sharpen your memory and concentration — but also helps "perk you up" and put you in a better mood. PS as it turns out also helps to reduce everyday stress and elevate your mood by lowering your body's production of the hormone cortisol. When cortisol levels are too high for too long you experience fatigue, bad moods and weakness. This drug-free brain-boosting formula enters your bloodstream fast (in as little as thirty minutes).

Officially Reviewed by the U.S. Food and Drug Administration: Lipogen PS Plus is the ONLY Health Supplement that has a "Qualified Health Claim for both Cognitive Dysfunction and Dementia".

## Special Opportunity For Our Readers

We've made arrangements with the distributor of this proprietary blend of PS, which combines with several other proven special brain boosting natural ingredients to give you the mental clarity and memory gain that you need, to give you a Risk-Free trial supply. This is a special "Readers Only Discount". This trial is 100% risk-free.

It's a terrific deal. If Lipogen PS Plus doesn't help you think better, remember more... and improve your mind, clarity and mood — you won't pay a penny! (Except S&H).

But you must act fast. Your order can only be guaranteed if it comes in within the next 7-days. After that, supplies could run out. And your order may not be fulfilled until they are replenished.

So don't wait. Now you can join the thousands of people who think better, remember more — and enjoy clear, "fog-free" memory. Call today, toll-free at 1-800-686-6521. Think of it as making a "wake-up call" to your brain.

# Oliver's SEXY NEW LOOK!

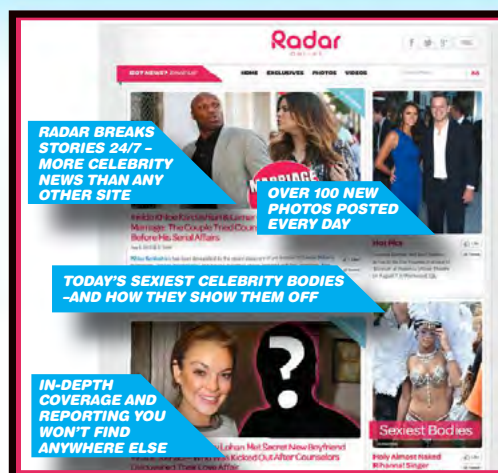

**S**URE, he's got a famous sister, but **Kate Hudson's** older brother, **Oliver**, is bigger than ever. He stars on the new certain-to-be-smash series *Scream Queens*, is the new spokesman for FL2 — the just-launched men's line in sister Kate's Fabletics athleticwear brand — and, oh yeah, is a father of three! The classically handsome hunk, 39, balances it all so beautifully that he's being featured in the October issue of *Men's Fitness* as one of this year's Game Changers. He told the mag about his hectic life and new clothing line: "As the father of three active and crazy kids, I need clothes that let me feel comfortable throughout the day but also have a sense of style. FL2 takes me from school drop-off to my workout to dinner with my family. I may stink, but damn, I look good!" Gotta say, we agree! (That's an FL2 cardigan he's wearing.) **TWO TONES!**

No, this isn't a joke from the upcoming *Zoolander* sequel; these drab, unflattering outfits were styled by the genius himself, Kanye West! Yeezus showed off his latest line at NYFW, and it immediately got ripped apart, with fashion critic Cathy Horn slamming the look as "POWs in Spanx," and even Ice T tweeting that the designs looked like "future slave gear." Ouch!

It takes a big act to follow **Amy Schumer**, but we guess **Madonna** qualifies! The comedian opened for the Material Girl at NYC's Madison Square Garden on Sept. 16, and later during the show joined her Madgesty onstage during "Unapologetic Bitch." That's when the outspoken funnily bent over and got spanked by the pop legend for being a very bad girl! ★
